POSTSCRIPT.

THURSDAY, 9 o'clock, P. M. . We have kept open our paper until this hour to enable us to give the result of the election held in this town to-day. The vote has been unprecedentedly small. The Democra. cy, it will be seen, bave not polled their full strength, as compared with the Governor's election this time two years ago:

In 1844, Hoke received, " " Graham " Hoke's majority, In 1846, Shepard received " " Graham

Shepard's majority. The result shews a falling off on the Democratic side of 114 votes, while the falling of of the Whig vote has only been been 29.

We have no room or time for comment. Commons .- Williams, 252, Hall 335, Walkei 99. SHERIFF-Fennell, 369, no opposition. Penitentiary 133, No Penitentiary 178. Senate vote not counted. No opposition

NEW YORK ADVERTISEMENT. PEARL STREET HOUSE. 88 Pearl St., New York.

THIS SPACIOUS ESTAB-LISHMENT erected for the especial accommodation of MERCHANTS, in the very centre of the most populque business district of the city, has passed into the hands of the undersigned, who have been engaged during the last two months in making such additions and improvements as the former condition of the house seemed to demand. To those who have hitherto extended their patronage to this Hotel, it must be obvious that, in some particulars, the management was susceptible of improvement; and without entering into details, they will simply state that where such was necessary, neither expense nor labor

has been spared. The Dinner hour has been changed from 2 to 1 o'clock-a Dinner is also served at 3 o'clock in

With the most careful attention to the comfort of visitors in every department of the house, the Proprietor, hope to receive and respecfully solicit a liberal support.

THE preceding figure is given to represent the in' or the impurities of the body. It will be noticed that a thick cloudy mist issues from all points of the auriace, which indicates that this perspiration flows uninterrupsick.—Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes by this means, of nearly all the impurities within us. The language of scripture is, "in the BLOOD is the Life." If it ever becomes impure, it may be traced disposely to the etconory of the Insensibly Paraniestica. Life." If it ever becomes impure, it may be traced directly to the stoppage of the Insensible Perspiration. Thus we see, all that is necessary when the blood is stagmant, or infected, is to open the porce, and it relieves itself from all impurity instants. Its own heat and vitality are sufficient, without one particle of inedicine, except to open the porce upon the surface. Thus we see the folly of taking so much internal remedies. All practitioners, however, direct their efforts to restore the Insensible Perspiration. The Thompsonian, for instance, STEAMS, the Hydropathist shrouds us in wet blankets, the Homopathist deals out infinitissimals. the Pholopathist old customers, friends, and the public in general, Homopathist deals out infinitissimals, the Pholopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills, pills, pills.

Togive some idea of the amount of the Insensible Porspiration, we will state that the learned Dr. Lewenhock ascertained that five-eights of all we receive into the

This is none other than the used up particles of the blood, and other juices giving place to the new and fresh ones. To check this, therefore, is to retain in the sys-January next, suit will be commenced in every instance of failure.

It is by stopping the pores, that overwhelms mankind with coughs, colds, and consumption. Nine-tenths of the world die from diseases induced by a stoppage of the inensible Perspiration. ensible Perspiration.

Let me ask, now, every candid mind, what course cems the most reasonable to pursue, to unstop the pores, after they are closed. Would you give physic to unster the pores? Or would you apply something that would do this upon the surface, where the clogg ng actually is? And yet I know of no physician who makes any external application to effect it. Under these circumstances, I present to physicians, and all others, Mc Alister's ALL-HEALING OINTMENT, or the WORLD'S SALVE. Its first action is to expel all humor. It will not crase drawing till the face is free from any matter that may be lodged under skin, and frequently breaking out to the surface. It then heals. When there is nothing but grossness, or dull repulsive surface, it begins to soften and soften until the skin becomes as smooth and delicate WORMS.
